

4.4.2 Procedure and Policies for maintaining and utilizing physical, academic and support facilities: laboratory, library, sports complex, computers, classroom etc.

To take care of the operations, maintenance as well as upkeep of the facilities in the premises of the college, the following measures have been taken:

- The college has installed CCTV cameras at various locations for surveillance of the entire campus. The college property in-charge ensures the proper functioning of these cameras.
- The lights and heating equipments of the college building are taken care of by the Electricity committee. To avoid disruption in official college works, a generator has been installed in the college.
- To fulfill the water requirements, the college has its own water supply through an energizer that lifts underground water. Water purifiers have been installed in the college for providing safe and clean drinking water to the staff and students. Issues concerning water supply and maintenance of washrooms are supervised by the Water Committee.
- Cleaning of the campus, garbage collection, and proper disposal of the waste, maintenance of gardens is supervised by the College Development Committee along with the Committee for Sanitation and Cleanliness.
- Facilities like the college canteen are outsourced to the professional agencies and its proper functioning is ensured by Canteen Committee.
- The college has a sports playground in 5 acres along the entrance of the college which is maintained by the Department of Physical Education of the college.
- The members of the committee inspect the items/equipments/ instruments which are to be disposed after declaring them as obsolete or unserviceable.
- Security guards are there to ensure the security of the entire campus day and night.
- The Library Committee ensures regular upgrading of the library of the college through purchase of books, journals, magazines and newspapers.
- Maintenance of various laboratories in the college is taken care of by their respective departments.
