

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Most of the students of this institution are from rural background and lack exposure in all the walks of life. Extra efforts are required to bring them at par with students of national level institutions. They need extra motivation and exposure. The institution has been working tirelessly to bring them to desirable academic levels and inspire them for competitive examinations. Lectures are delivered by various experts from different fields to prepare them for the job opportunities in the employment market. They are also being engaged in the various activities which provide them platforms to display their hidden talents. The students are encouraged to avail centrally sponsored scholarships to help them financially. The teachers of the college have also constituted a Student Welfare Fund to help economically weak students pursue their higher education. Teachers also help such students by providing them with course books.
