Course outcome

Geography Department

Sr. No.	Subject Code	Subject Name	Subject Category	Course outcome
B.A 1st Year				
2.	GEOGP102CC	General Cartography	CC. P	Students will be able to understand the basic concepts of cartographic techniques of map making. Students will be in position to read and make different types of maps.
B.A 2nd Year				
3.	GEOGP201CC	Human Geography	CC	To further the understanding of the students so as to achieve the conceptual clarity of various aspects related to Human Geography.
4.	GEOGP202CC	Environmental Geography	CC	Students will be able to understand the importance of environment and how environment is useful for society existence. To make the students understand the key concepts of cause and effect and how they relate to influence the human activities and climate in shaping the Earth surface.
5.	GEOGP203SEC	Regional Planning and Development	SEC	Students will get familiarized with the theoretical foundations and conceptual grounding of regions. Students will be able to understand the importance of planning and how proper planning's uplift the society in backward areas of any region.
6.	GEOGP204SEC	Remote Sensing and GPS	SEC-P	To develop technical skills and competence in data and information acquisitions, extraction, management and

				analysis for mapping and visualization.
B.A 3rd Year				
7.	GEOGP303-I DSE	Geography of India	DSE	The students will get familiarized with the geographic dimensions of India in terms of its regional vitality and formation of different type of regions.
8.	GEOGP304-I DSE	Disaster Management	DSE	To help students understand the foundation of hazards, disasters and associated natural/ social phenomena and to familiarize them with the disaster management theory.
9.	GEOGP301SEC	Geographic Information System	SEC-P	To increase awareness among students of GIS and modeling tools with the latest learning and teaching experiences to deal with real world problems.
10.	GEOGP302SEC	Field techniques and Survey based project Report	SEC-P	It help students the opportunity to reinforce classroom-based learning to enhance students knowledge, skills and subject understanding.
