The students of the institution are from a rural background and they cut a sorry figure in the area of communication. The area remains a huge stumbling block in the way of their success. The college decided to take communication classes and even resource persons are invited for motivating the students. The language teachers go to different classes to teach the tricks of communication to the students. Even the students are brought to the class for lectures on their favourite topics of choice. This practice is removing the hesitation of the students in communication. Interestingly, the students are taking a lot of interest in such lectures of communication and they have started becoming more confident after attending such lectures. Such lectures are given to the students of all streams and even the people from media are invited to train the students in the art of communication. This practice will certainly remove all the barriers of Communication faced by the students.
