Industrial Visit (24-01-2023)

An industrial tour, also known as an industrial visit or industrial excursion, is an educational trip that allows students to visit industrial establishments or companies to gain practical knowledge and firsthand experience of various industries. Industrial visits expose the students to the practical challenges they are to face in future. By getting a first-hand look into the work, the students are able to prepare themselves for their future work positions. A tour of an industrial factory can provide immense insight to students. Keeping view all the benefit of the Industrial visit, the commerce society of Govt. College Nagrota Bagwan organized an industrial visit to Gravita India located at Mahindra SEZ world city, Jaipur Rajasthan for the students of M.Com.
