NetSparked Infotech

Project Overview

'CWOAS' is a complete Online Admission, fees and reports management module for colleges, or institutions; integrated with SMS and Payment Gateway.

Very easy to operate and implement. Just configure your Institute info, Courses, Batch, Sections, Semester/Year, Subjects, Subjects Restrictions, fees heads, and then software is ready to go.

It includes various features which make it top compared with competitors. Features include Online Payment System, Online Challan Integration, Customized SMS Facility, Head wise Fee Reporting, Graphical View of Courses Categories, Session Fee etc.

Purpose

The purpose of this portal is to provide a facility to College to conduct online Admissions by providing a unique id to each Student and facilitate Students to admit online. Colleges open the online admission when required and are able to set a cut off date. Students would be able to pay fees. College will able Approve/Disapprove candidates, generate Fees reports, Students report etc

Benefits

The online admission Portal reduces the manual work, maintaining accuracy, increasing efficiency and saving time. Also colleges need not go to develop new software each time; instead they just register and admit the students online. For students, it saves time of going to far away admission centres and also they can view their Admission status then and there.

Modules Covered

• **Course Management**: Manage Course, Manage Session/ Batch, Manage Semester/ Year, Manage Subjects.

• **Student**: Student Admission, Documents/Certificates Management, ID Card generation. Rollover to next Semester/year, Merit List Generation.

• Staff /Employee Management

• **Fees Management**: Fees Category, Fees Collection, Fees Head Details

• **Fees Payment Gateway:** Online Payment of Fees and Fee Challan Integration

- **Reporting**: Students Reporting, Staff Reporting, Fees Reporting, Head wise Reporting, Courses wise Fee reporting, Students Reporting

- **User Group**: Super Admin, Sub Admin, Staff level Permission

Salient Features of CWOAS

- User Friendly Forms and Menu based Interface.

- Isolated interface for Students and Back-end Admin users.

- Most software items are Customizable so you can configure features according to your need.

- Easy to add Courses, Semester or Year, Batches, Subjects, Subject Restrictions, Subject Specialization, Subject Groups like Core, DSC, DSE, AECC, SEC, GE etc.

- Easy to manage new enrolments, approval/disapproval, admit, Rollover, migration.

- Viewing of students' payment history.

- Instant Roll No generation, Lock/Unlock new enrolment Applications.

- Maintains Fees Summaries, Head wise Reporting, Dues, Balances, Real time Fee Receipts, Fees Heads, Payment Methods by Challan or Online.

- Export of data into PDF or Excel Sheet.

- SMS and Email sending features to students, parents /guardians.

- SSL secured Portal to maintain the security of users data.

- Easy registration for new students with user friendly Forms and step based registration.

- Solid reporting by Report centre based on custom filters or heads

What's Unique

- Cloud-based: No risk of loss of data

- Easy-To-Use: Requires no prior training

- Highly Secure and Reliable

- Student Self Registration: Candidates can apply from desired courses

- Application Tracking: Students can monitor the status of their admission

- Support: Telephonic and Online remote support available. Average response time is 30 minutes in case of telephonic / online support.

- Fee Payment: Simple and Sophisticated payment gateways
