

Special New Innovative initiatives or Ideas adopted in the college

1. Scholarship Support Initiative for Economically Weaker Students:

Financial assistance to economically weaker students of the college to ensure continuity of their education and to promote equal opportunities for academic growth. Many students at the college come from financially challenged backgrounds, which affects their ability to pay fees, purchase books, or meet other educational expenses. To address this issue, the teachers of the college voluntarily initiated a noble practice of contributing money from their own salaries to create a scholarship fund. This initiative aims to support deserving students and prevent dropouts due to financial constraints.

2. Parent Awareness Through Postal Dispatch of Mid-Term Examination Reports

Enhancing Parent-Student Engagement by Sending Mid-Term Examination Reports to Parents via Postal Mail to strengthen communication between the college and parents by keeping them informed about their ward's academic performance, attendance, and progress. This initiative aims to promote parental involvement in the overall academic monitoring and motivate students to improve their performance. In many cases, parents are not fully aware of their ward's academic progress during the semester. This lack of communication often leads to poor guidance at home, resulting in a decline in academic performance and discipline. To bridge this gap, the college adopted a system to dispatch Mid-Term Examination Report Cards to parents through postal mail.

3. To Enhance employment opportunities for the students by organizing placement

The college has undertaken a valuable initiative to enhance employment opportunities for students by appointing Training and Placement Officer in the college and organizing placement drives and career guidance programs. Through active collaboration with reputed companies and employment agencies, the college invites recruiters to conduct interviews, aptitude tests, and selection processes on campus. Additionally, skill development workshops, resume-building sessions, and soft skills training are provided to prepare students for job opportunities. This initiative has significantly boosted students' confidence, employability skills, and chances of securing

jobs directly through campus selection, where 131 students were provided placement opportunity.

4. Organizing Yoga sessions for promoting mental wellbeing and stress-management.

To promote mental well-being and holistic health, the college has introduced regular Yoga sessions and stress-management programs for students. These sessions focus on physical fitness, breathing exercises, meditation, and mindfulness techniques that help students manage academic pressure and lead a balanced, stress-free life. Qualified instructors guide the students in practicing yoga postures and relaxation methods that improve concentration, emotional stability, and overall wellness. This initiative has been highly beneficial in creating a healthy, positive, and supportive learning environment on campus.

"Sudarshan Kriya Yoga organized"

Sudarshan Kriya Yoga was organized under "Art of Living" at Government College, Nagarota Bagwan, courtesy of Commerce Society. This special yoga session was inaugurated by lighting the lamp by the Principal of the college, Dr. Surender Kumar Soni.

The main objective of this yoga session was to inculcate mental peace, concentration and positive energy in the students and teachers. Many prominent teachers of the college, such as Dr. Manjeet Singh, Dr. Rajeev Kumar, and Dr. Sonika, were present on this occasion and played an active role in the entire program.

The session was conducted by Dr. Rajeev Kumar, who introduced the participants to various yoga kriyas. He explained the importance of Sudarshan Kriya and said that it not only reduces mental stress, but also provides new energy and freshness to the body. He taught the participants the various steps of Sudarshan Kriya in detail and explained how one can move towards a healthy and happy life by incorporating these yoga kriyas in everyday life.

The participants enthusiastically participated in meditation, pranayama, and various breathing exercises. At the end of the session, all the participants shared their experiences and said that this session gave them mental peace and energy.
